THE RISE AND FALL OF JIM CROW

This landmark PBS four part series, explores segregation from the end of *The Civil War* to the dawn of the modern civil rights movement.

The final episode, ***THE RISE AND FALL OF JIM CROW*** (Part 4: 1940 - 1954) - "Terror and Triumph," examines the surge of black activism that took place after World War II and the prolonged legal battles that led to the Supreme Court's decisions that opened doors and restored voting rights for blacks.

An open, inquiring, analytical discussion will follow the viewing.

Note: You need not have attended the previous episodes in order to appreciate this third episode.
