**Can everything you think you
know about race be wrong?**

A film that challenges a common fundamental belief: that humans come divided into a few distinct biological groups. This definitive three part series is an eye-opening tale of how what is assumed to be normal, commonsense, even scientific, is actually shaped by our history, social institutions and cultural beliefs.

**All three episodes will be screened followed
by commentary**

Sponsored by Community Church of New York Unitarian Universalist: Resistance Cinema, Action For Justice, Lifespan Religious Education, Anti-Racism Team, Gallery 35 & The Anti-Racist Alliance of NY/PISAB
